* ANNA, who married Chase Crockett, is listed in several sources as the daughter of Chase & Priscilla Robinson. This is probably incorrect, however. Anna Crockett (above) died in 1829 at age 81, making her birth year 1747/8. Chase would have been 10 years old and Priscilla 13 years old when she was born, making it highly unlikely that they were her parents. Other sources say she was the daughter of Samuel & Hannah (Barber) Davis. Her parentage is unknown but she may have been a Robinson since she was buried in the Robinson Cemetery.
